CREATIVE RETAINER PACKAGES

What is a Creative Retainer?

A creative retainer is a 12-month agreement that allows you to contract for as few as 4 hours of service per month. A creative retainer gives you instant access to a wide range of professional graphic design services minus the overhead associated with a permanent employee.

Benefits of a Creative Retainer

SAVINGS: By entering a creative retainer agreement, you can save on graphic design services. The more hours you commit to, the lower your hourly rate. For multiple small projects, you can take advantage of your combined work volume, and avoid the need to seek estimates, manage multiple contracts, and pay multiple invoices. A creative retainer can also stabilize your monthly services budget.

VIP SERVICE: With a creative retainer, FreshWorks Media reserves your retainer time exclusively for your company. Your company will have priority over other individual design projects.

BRAND DEVELOPMENT: By having FreshWorks Media as your Creative Services Manager, you will be able to maintain a high level of professionalism in regards to your brand image. Your company will also be able to keep your images cohesive and aesthetically pleasing to viewers.
